

BASIC CARD & MYCASH *by BASIC*

Benefits Made Smart

Consumer Driven Accounts by BASIC makes participant reimbursement faster and easier than ever with the BASIC Card and MyCash. Say goodbye to carrying multiple cards and trying to remember which card pays for what — the BASIC Card does it all! Just swipe this stacked card at the point of purchase and eligible expenses are paid automatically with smart technology that knows from which account to draw funds. Every participating employee receives a BASIC Card and has access to several value-added card features:

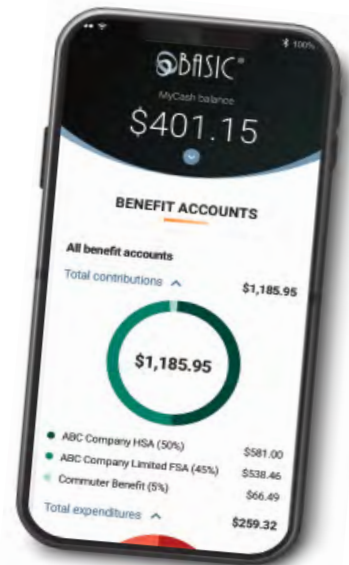

MyCash - When it's necessary to pay out-of-pocket and request a reimbursement, we make sure participants get their money back fast with MyCash. BASIC deposits reimbursement payments directly into the linked MyCash account within 12 hours — faster than the speed of bank direct deposit. Participants can then use MyCash funds to cover non-benefit expenses everywhere Mastercard® is accepted, or withdraw as cash from an ATM.

BASIC Card Lock - If a BASIC Card is lost or stolen, the participant can quickly disable it with the BASIC Card Lock online or via the BASIC benefits app. If found, simply unlock the card to use it again.

MyWallet - This convenient organizer offers mobile and web access to the BASIC Card with features like:

- Card Management: Stores image of BASIC Card; lets participants lock a card, report lost/stolen cards, or request more cards.
- Card Holder: Stores digital images of other important cards (insurance cards, rewards cards — even a gym membership card).

The BASIC Card is backed with seamless cross-channel customer care. Participants can get the help they need to manage their benefits and BASIC Card through our website, mobile app, or call center.
